Mr. and Mrs. Marden, 30 Oatlands Ave.
Mr. and Mrs. Cooper, 43 Partridge Drive
Mr. and Mrs. Hehir, 42 Partridge Drive

Guides

Would anyone interested in starting a Guide Company or helping out with one
please contact:- Mrs. M. Harbottle, 9 Robin Close, Bar Hill. Crafts Hill 232.

Pakistan Refugee Fund

On Saturday, 19th June we held a jumble sale in aid of the Pakistan Refugees,
and we would like to thank everyone who gave jumble, cakes and money, etc. We
raised the grand total of £20. We would also like to thank everyone who helped
to make it such a great success and worked so hard, Mrs. Stuart, and Debra,
Mrs. Smith and Allison, and my mother and sister Victoria.

We are very pleased that the people of Bar Hill have given so much for people
less fortunate than themselves.

Joanna Osborne
Jane Smith

Letter

Dear Sir,

Can I draw the attention of residents to the three ponds in the
Village Park. The developers have promised to make the ponds safe, but while
we continue to wait for action parents should be aware of the appalling danger.

Bryan Pitman

Horticultural Society

The last meeting of the Society took the form of a guided tour of the Bot-
anical Gardens. About 30 members and friends enjoyed an interesting evening
looking at some of the many different items in the gardens. Our guide was
Mr. Orris who described everything to us as we went along. We were pleased
that this outing was so well attended.

Bressingham Gardens - Sunday, July 4th.

A reminder that the coach will leave the shopping centre at 11.30 a.m.
The fare (payable in advance) is 60p and an entrance fee of 10p will be payable
at Bressingham. As it is not known what facilities are available it might be
advisable for everyone to take a packed lunch. There are a few seats still
available for anyone wishing to join us.

Gardening notes for July

July is basically a "common sense" month in the garden. Continue to mow
lawns but raising height of cut and lessening the frequency during hot, dry weather;
when weather is dry give lawns a good soaking once a week (twice if weather is
very hot and dry) rather than frequent dribbles which encourage moss and shallow
rooting. Aerate your lawn if possible, when dry, and top dress with peat and /
